“

“The ease and convenience of the RaiseRight app has been a game-changer. Not only are our regular AND new participants using it, they have shared it with their friends and family, as well! In nine months, our organization sold \$10,000 in gift cards online alone. This is quite a feat for our small school! We are hoping that we will only get better as we keep using this app, along with our in-person sales of course!”

“I reach out to friends and family during the holidays and order the gift cards they ask for as presents. Then I don't have to worry about driving around town and searching for the perfect gift for each family member—I just place an order online and everyone gets something they want. It's even better because we get to use the earnings for tuition (we raised \$950 last year!)”
